

Joan Prince, Ph.D.

Milwaukee, WI

Joan M. Prince, Ph.D., is a member of the Research and Program Planning Committee of the DREF Board. She is a Vice Chancellor at the University of Wisconsin- Milwaukee, where she serves as the chief administrator for the Divisions of Global Inclusion and Engagement and Partnerships and Innovation. She also leads campus-wide project areas such as the STEM Inspire Pipeline, the Inclusive Internationalization Project, Global Partnerships in STEM, Center for International Health, and Equity/Diversity Services.

Dr. Prince has an extensive background in working with foundations. She has served on the Council of Foundations, the Greater Milwaukee Foundation, and is a former two term president of the Delta Memorial Endowment Fund, Inc. She is a Trustee Emeritus of the Greater Milwaukee Foundation. Her professional affiliations include the American Society for Clinical Pathologists, the Association of Black Foundation Executives, the American Research Association, and the American Society for Clinical Laboratory Sciences. She is also a Board Member of the Blood Center of Wisconsin, the United Way of Greater Milwaukee, and the Congressional Black Caucus Scholarship Committee.

Dr. Prince is a member of the Sorority's National Executive Board, where she chairs the Distinguished Professor Endowed Chair. She is a member of Delta's Milwaukee Alumnae Chapter and is member of The Links, Inc. She earned multiple degrees at the University of Wisconsin-Milwaukee: a B.S. degree in Medical Technology, the M.S. degree in Clinical Laboratory Science (focus in Hematology), and the Ph.D. in Urban Education Health Sciences/STEM.
