# *Black Philanthropy* **MONTH**

## **August is Black Philanthropy Month**

Launched in 2011, the annual recognition of August as Black Philanthropy Month (BPM), is a time to encourage giving, by people of the African Diaspora, to causes supporting work to aid people of the Diaspora. The theme of Black Philanthropy Month 2023 is “Love in Action”. The month is reflective of the principle of “Ubuntu”, “I am because we are.” It is this clarion call of humanity toward others that encourages giving to non-profit organizations such as Delta Research and Educational Foundation (DREF). With your donations, DREF can continue to provide scholarships, educational programs and charitable engagement. Since 1967, DREF has been creating possibilities and improving lives.
